Bakersfield, CA 93308

**PERMISSION TO SEDATE**

Occasionally some pets become agitated and extremely nervous when away from home and around other animals. To minimize this stress on your pet it is sometimes necessary to medicate with a sedative to keep your pet safe and comfortable.

Of course, your pet is monitored and we would never sedate a pet that is not experiencing extreme agitation or nervousness.

Please indicate your wishes regarding sedation below. Please also be aware that if sedation is necessary there is a charge of \$4.00 per day to administer the medication.

\_\_\_\_\_ I **DO** approve sedation if necessary.

\_\_\_\_\_ I **DO NOT** approve sedation. I understand that should the veterinarian find it is life threatening or inhumane **NOT** to sedate my pet; this waiver becomes invalid.

This agreement shall apply to all pets I board at COFFEE ROAD ANIMAL HOSPITAL, INC & PET RESORT, and will remain in effect indefinitely.
